

models\User\setEntityList

```
graph LR; A[models\User\setEntityList] --> B[models\User\setEntity]; B --> C[models\Model\getDatabase];
```

The diagram illustrates a sequence of three method calls. The first call, 'models\User\setEntityList', is highlighted with a dark gray background. A blue arrow points from this box to the second box, 'models\User\setEntity', which has a white background. Another blue arrow points from the second box to the third box, 'models\Model\getDatabase', also with a white background. All boxes have a thin black border.
