

controllers\Controller

```
classDiagram
    class controllers_Controller["controllers\\Controller"]
    class controllers_CSSCustomizerController["controllers\\CSSCustomizerController"]
    controllers_CSSCustomizerController --|> controllers_Controller
```

The diagram illustrates a class hierarchy. At the bottom is a gray-shaded box labeled 'controllers\\CSSCustomizerController'. A blue arrow points upwards from this box to a white box at the top labeled 'controllers\\Controller', indicating that 'controllers\\CSSCustomizerController' inherits from 'controllers\\Controller'.
