

views\InformationView  
\displayModifyInformationForm

```
graph LR; A["views\InformationView<br/>\displayModifyInformationForm"] --> B["views\InformationView<br/>\noInformation"]
```

The diagram consists of two rectangular boxes connected by a blue arrow pointing from left to right. The left box is white with a black border and contains the text 'views\InformationView' on the first line and '\displayModifyInformationForm' on the second line. The right box is gray with a black border and contains the text 'views\InformationView' on the first line and '\noInformation' on the second line.
