

models\Localisation  
\insert

models\Localisation  
\update

models\Localisation  
\getLatitude

```
graph LR; A[models\Localisation<br/>\insert] --> C[models\Localisation<br/>\getLatitude]; B[models\Localisation<br/>\update] --> C;
```

The diagram consists of three rectangular boxes. On the left, there are two white boxes with black borders, stacked vertically. The top box contains the text 'models\Localisation' followed by '\insert' on a new line. The bottom box contains the text 'models\Localisation' followed by '\update' on a new line. On the right, there is a single gray box with a black border, containing the text 'models\Localisation' followed by '\getLatitude' on a new line. Two blue arrows point from the right side of the top-left box to the left side of the gray box, and from the right side of the bottom-left box to the left side of the gray box.
